

School Social Workers

- Build trusting relationships with students, families and school personnel
- Provide crisis intervention, counseling services, support and case management
- Maintain confidentiality of students and their families
- Link students and families with school and community resources
- Collaborate with all school personnel to assess students' social/emotional obstacles to academic success
- Help families understand school policies, services and programs
- Provide home visits/meet families to understand and address barriers to student learning
- Assist teachers and principals in developing plans to help students with academic and behavioral difficulties
- Develop/facilitate/coordinate prevention activities and intervention strategies

If you, your child, or your family are in need of support, please reach out to Laraway's School Social Workers
